TITLE: BIG PLANET, BIG IDEAS

QUOTE: *“Traveling- it leaves you speechless, then turns you into a storyteller”* Ibn Battuta

OBJECTIVES FOR THE WEEK:

Start this exercise by thinking back to the most exciting and different place you have been. What was different, what did you love about it? How did they do things differently and in what ways were they better? Think if any of this is applicable. If it is not, start to look into how they do what you are interested about in that country. If you are stuck on what country to chose, pick a random letter and look at countries begging with that and then go to the next letter. At the end of the week, see what you have learnt and how any of this can be implemented into your ideas process.
