TITLE: PUSHING THE DIP

QUOTE: *“Never quit something with great long-term potential just because you can’t deal with the stress of the moment”* Seth Godin

OBJECTIVES FOR THE WEEK:

Look at past projects, both successful and unsuccessful and look at where you stopped. Was there more that you could have done to make it better. Where you were successful, was there a moment you nearly gave up, but which you worked through to win?

Now look at your current projects. Are there any that are challenging? What big drive could you put on to push through and make it a success. Select one area and give it a good strong push to see if you can make a difference to it this week.
